**Application no. 10618/19**

**Loginov and Others v. Russia (see list appended)**

Dear Sir,

I acknowledge receipt of your correspondence of 25 February 2019 requesting the European Court of Human Rights under Rule 39 of the Rules of Court to indicate to the Government that the first three applicants be immediately released from pre-trial detention to house arrest; that the entire investigative team, the members of which allegedly participated in and directed the applicants' torture, be removed from investigating the criminal case against the applicants; or, alternatively, that the first applicant Mr Sergey Pavlovich Loginov be immediately examined by independent medical experts.

**Reference for further correspondence**

The file has been given the above number which you must refer to in any further correspondence relating to this case.

**Decision on interim measure**

On 26 February 2019, the Court (the duty judge) decided, in the interests of the parties and the proper conduct of the proceedings before it, to indicate to the Government of Russia, under Rule 39, for the period until 20 March 2019, that the first applicant Mr Sergey Pavlovich Loginov be immediately examined by medical doctors independent from the Russian Investigative Committee and its organs and the penitentiary system with a view to determining the current state of the applicant's physical and psychological health, any harm to his health allegedly suffered as a result of the torture on 15 and 16 February 2019 and compatibility of his state of health with his pre-trial detention, any medical treatment required and whether it is possible to provide that treatment in the pre-trial detention facility in which he is being detained. The Government should provide the Court with medical certificates issued by these medical doctors.

The parties' attention is drawn to the fact that failure of a Contracting State to comply with a measure indicated under Rule 39 may entail a breach of Article 34 of the Convention. In this connection, reference is made to paragraphs 128 and 129 of the Grand Chamber judgment of 4 February 2005 in the case of *Mamatkulov and Askarov v. Turkey* (applications nos. 46827/99 and 46951/99) as well as point 5 of the operative part.

**Information requested**

The Court decided to request the Government, under Rule 54 § 2 (a), to submit the aforementioned medical certificates by **11 March 2019**. Their reply will be sent to you for information or comments.

**Application form**

In order to complete the file, you must send to the Court by **26 March 2019** the original of the application form duly completed together with copies of all relevant documents (please note that pages 30-32, 38-39, 43-44, 47-48, 53-55, 59-61, 64-65, 68-69, 127, 131-145, 147-148 and 156 of the supporting documents were of poor quality). **Please note that if you send original documents, they will not be returned to you by the Court.** If no such information is received by the above date, the application may be struck out of the list of cases without further notice.

**Barcode labels**

Please find enclosed a set of barcode labels which you should stick on the top right-hand corner of the **first page** of any correspondence sent to the Registry in relation to the present case.

Yours faithfully,
